

Pulse Crop Genetic Improvement Network
PCGIN Stakeholder's meeting, NIAB 20th September 2005

Agenda:

The objective of the meeting is threefold:

1. To inform participants of activities and progress and invite comment
2. To seek guidance on the selection of material for several analyses
3. To identify missing activities

Active participation and debate is welcome.

Chair: Geoffrey Gent (PGRO)

11:00 - 11:30 Noel Ellis (JIC):

Defra's aims with the crop genetic improvement networks and the PCGIN project: summary of the proposal and related projects.

11:30 - 11:50 Claire Domoney (JIC):

Objective 1: Communication and Delivery

Events and progress to date: invited comments.

11:50 - 12:10 Mike Ambrose (JIC):

Objective 2: Phenotyping

Current activities & Comments from NIAB and PGRO

(Geoffrey Gent PGRO, Jane Thomas NIAB)

Invited comments

12:10 - 12:30 Jane Thomas (NIAB):

Objective 3: Performance

Selection of lines

Genotyping (Noel Ellis JIC)

- Discussion of stakeholder involvement.

12:30 - 12:50 Noel Ellis (JIC)

Objective 4: Reverse genetics

Current report

Discussion of selection of mutants & lines

12:50 - 14:00 Break for lunch and general discussions

Chair: Jane Thomas (NIAB)

14:00 - 14:10 Noel Ellis (JIC):

Objective 5: Genetic mapping in crop legumes

Update

14:10 - 14:20 Claire Domoney (JIC):

Objective 6: Genetics of Seed Quality Traits

Outline of plans

14:20 - 14:40 Geoffrey Gent (PGRO)

Vicia faba

General discussion on the way forward

14:40 - 14:50 Adrian Charlton (CSL)

Satellite project

14:40 - 16:00 Round table discussion

16:00 - 16:10 Concluding Comments
